Tips to do before the “Big Day”

5-6 weeks prior to the day of your wedding you should plan to schedule your trial hair design and trial makeup application. An idea is to schedule your hair and makeup trial around the same day as your dress fitting or viewing so you can see what the whole look put together.

2 weeks prior: If you are planning a facial or chemical service, two weeks before your wedding is the best time to schedule. It gives your hair and skin time to balance out before your big day. ** Those with sensitive skin may want to schedule these services even further than 2 weeks in case of rash or irritation.

1 week prior: Please have a final head count of the wedding party that would like to receive services, an idea of what services, and any special requests for a particular Salon Space team member. This will help us coordinate times and make sure your wedding day preparation goes smoothly. You will receive an itinerary of services and times that have been scheduled for you and your wedding party.

2-3 days before your wedding, schedule your eyebrow or facial waxing/tweezing. This will prevent red pigmentation in your wedding photos.

The day before your wedding, take some time to relax and let go of pre-wedding tension by booking a spa gel manicure with us. Your nails will look stunning and last* from wedding day until you get back from your honeymoon! (* approximately 2 weeks)

Don't forget to ask about our Photo Studio Packages to capture all those special moments!

On your Wedding Day

The day of your wedding, you will be truly pampered.

Please arrive 15 minutes prior to your appointments. This give the Salon Space team time to meet with each guest and determine any individual needs they may have, as well as discuss their hair design.

For up-work hair designs including curls, we strongly recommend that you do not wash your hair the day of the wedding. Please come in with your hair pre-washed and dried from the day prior. (This will ensure your style holding much longer!) Please do not flat iron your hair.

Another helpful suggestion is to make sure to wear a shirt that does not need to be pulled over your head. We recommend a button down or zippered shirt so that your hair and makeup stay perfect when you are changing into your gowns.

Come in and enjoy light refreshments and beverages while you and your bridal party get pampered.

Your personal stylist will skillfully design your hair based off your consultation and trial.

Your makeup artist will enhance your natural beauty with the color pallet discussed during your consultation, and make any adjustments to suit your individual needs.

If you have any questions, please do not hesitate to contact us. We are here to make your experience at Salon Space enjoyable and stress-free!
